## REGISTRATION OF ATTORNEYS—AMENDMENTS TO THE RULES OF PRACTICE.

---

DEPARTMENT OF THE INTERIOR,  
UNITED STATES PATENT OFFICE,  
*Washington, D. C., August 6, 1897.*

Rule 17 of the Rules of Practice, approved June 18, 1897, is amended to read as follows:

17. An applicant or an assignee of the entire interest may prosecute his own case, but he is advised, unless familiar with such matters, to employ a competent attorney, as the value of patents depends largely upon the skillful preparation of the specification and claims. The Office can not aid in the selection of an attorney.

A register of attorneys will be kept in this Office, on which will be entered the names of all persons entitled to represent applicants before the Patent Office in the presentation and prosecution of applications for patent. The names of persons in the following classes will, upon their written request, be entered upon this register:

(a) Any person who at the date of the approval of the present Rules of Practice, June 18, 1897, was engaged as attorney or agent in the active prosecution of applications for patent before this office, or had been so engaged at any time within five years prior thereto and is not disbarred, or is or was during such period a member of a firm so engaged and not disbarred, provided that such person shall, if required, furnish information as to one or more applications for patent so prosecuted by him.

(b) Any attorney at law who is in good standing in any court of record in the United States, or any of the States or Territories thereof, and shall furnish a certificate of the clerk of such United States, State, or Territorial court, duly authenticated under the seal of the court, that he is an attorney in good standing.

(c) Any person who has been regularly recognized as an attorney or agent to represent claimants before the Department of the Interior or any Bureau thereof and is in good standing, provided that such person shall furnish a statement of the date of his admission to practice as such attorney or agent, and shall further show, if required by the Commissioner, that he is possessed of the necessary qualifications to render applicants for patents valuable service and is otherwise competent to advise and assist them in the presentation and prosecution of their applications before the Patent Office.

(d) Any person not an attorney at law who shall file a certificate from a judge of a United States, State, or Territorial court, duly authenticated under the seal of the court, that such person is of good moral character and of good repute and possessed of the necessary qualifications to enable him to render applicants for patents valuable service and is otherwise competent to advise and assist them in the presentation and prosecution of their applications before the Patent Office.

(e) Any firm which at the date of the approval of the present Rules of Practice was engaged in the active prosecution as attorneys or agents of applications for patents before the Patent Office or had been so engaged at any time within five years prior thereto, provided such firm or any member thereof is not disbarred, provided the names of the individuals composing the firm are stated, and provided, also, that such firm shall, if required, furnish information as to one or more applications prosecuted before the Patent Office by them.

(f) Any firm not entitled to registration under the preceding sections which shall show that the individuals composing the firm are each and all recognized as patent attorneys or agents or are each and all entitled to be so recognized under the preceding sections of this rule.

The Commissioner may demand additional proof of qualifications and reserves the right to decline to recognize any attorney, agent, or other person applying for registration under this rule.

Any person or firm not registered and not entitled to be recognized under this rule as an attorney or agent to represent claimants generally may, upon a showing of circumstances which render it necessary or justifiable, be recognized by the Commissioner to prosecute as attorney or agent certain specified application or applications; but this limited recognition shall not extend further than the application or applications named.

After January 1, 1898, no person not registered in accordance with this rule will be permitted to prosecute applications before the Patent Office.

BENJ. BUTTERWORTH,  
*Commissioner.*

Approved:

THOS. RYAN,  
*Acting Secretary of the Interior.*

## MEMORANDA.

---

In order to prevent misunderstanding and to obviate numerous inquiries the following explanation and amplification of the provisions of Rule 17 of the Rules of Practice of this office, as amended August 6, 1897, is here given:

In the enrollment the several registrations are serially numbered in the order in which they are entered upon the register, and in connection with each reference is noted to all correspondence in the office files relating thereto. From the names thus entered without reference to alphabetical arrangement a card index is prepared. From the cards of this index the alphabetical list is printed, supplementary lists being added thereto from time to time as new names are enrolled, and the old and supplementary lists being subsequently united in a revised edition which changes of address or other changes render necessary in time.

It is not required that a person be registered under the provisions of the rule above mentioned in order to appear as the agent or attorney in fact of an applicant for the registration of a print or label, or of a trade-mark. Nor can the fact that such person has as attorney prosecuted an application for the registration of a print, label, or trade-mark be considered by itself as sufficient ground for his registration under clause "a" of the said rule. The fact that a person is registered as an agent in the Interior Department is not regarded as sufficient ground for his registration under clause "c" of the said rule; but, in addition to this fact, he is required to present proof that he is possessed of the necessary qualifications to render applicants for patents valuable service, and is otherwise competent to advise and assist them in the presentation and prosecution of their applications.

The fact that two or more persons are registered as individuals under the rule, does not entitle them to recognition as constituting a firm unless they shall be actually registered as a firm. Nor does the fact that a person appears on the record as one of the members of a registered firm entitle him to recognition as an individual unless he is also registered as such. Ordinarily a firm will not be registered under the name of an individual only, even though such individual be a member of the firm. Where the name of a firm is changed in any way, the firm should be registered *de novo* under the new name, even though the membership remains unchanged. When, upon a change of membership, the firm continues under the old name, the office should be promptly notified so that the registration may be corrected. When a firm is dissolved the office should be promptly informed so that the registration may be canceled. The notice in such case, if not signed by the firm before dissolution, should be concurred in by each of the former members. Where, however, the firm continues to exist for the purpose of prosecuting certain applications only, the registration need not be canceled until such purpose is accomplished.

The office should be promptly notified of any changes in the address of registrants so that the record may be corrected to correspond; and the cooperation of attorneys and others is solicited to the end that the office may be promptly informed of the death or other legal disqualification of any registrant, as it is desirable that each edition of the printed alphabetical list shall be correct as far as may be at the date of its issue.
